Minister of Public Works Explains the Working of Unearned Increment Law

Government Proposes To Get a Small Portion of the Values
It Is Creating by Guaranteeing Railroad and Other-
wise Opening Up New Country.

In view of the fact that considerable
misunderstanding exists in the public
mind with respect to the various pro-
visions of the act respecting the Taxation
of the Unearned Increment on Land
passed at the recent session of the
legislature, and as to its probable
effect on real estate transactions, particularly
in the case of cities, and towns, Hon. C. M. Mitchell, minister
of public works, states that the pro-
visions of the act are not as widely or
generally known by the public as
might be desired, and for that reason
a great variety of opinion has been
expressed by the public and in some
instances undue uneasiness has been
caused.

The minister stated that with re-
spect to the bringing in of this legis-
lation that it was not expected that
any very large amount of money
would be collected for at least some
time to come. The government felt
that with the annually increasing de-
mands upon the treasury of the province
for the proper carrying out of the
various public services, more money
would be required from year to year
to meet this growing demand and it
appeared only fair that some small
portion of what is known as the
unearned increment should be allocated
for the public services of the coun-
try.

The tax under this act is not col-
lected annually but only on the oc-
casion of the registration of a transfer
under the act. A man may hold land
for any number of years and will
escape taxation until such time as he
sells the property and realizes upon it,
in which case he is generally in a
position to pay a proportion of the
increase in value of the land and over
the province without a hardship being
imposed upon him. In fixing the rate
of taxation at 5 per cent on the in-
crease in value of the land over and
above the value thereof according to
the last preceding value it was thought
that the rate of 5 per cent would not
be unreasonable, and when it is taken
into consideration that the tax does
not apply to any value occasioned by
reason of improvements or of develop-
ment work on the land it will be ap-
parent that in the average transaction
the tax will not bear heavily upon the
owner, and that a transaction in which
no value has occurred and under
such circumstances the tax of 5 per
cent is by no means a disproportionate
sum when the circumstances are
taken into consideration.

Under the act no taxation is pay-
able on the registration of any grant
from the crown such as, for instance,
a homestead patent, on the first regis-
tration or where the title is being trans-
ferred under the provision of will or
in connection with the distribution of
an estate. In other words, this tax
does not apply to the above mentioned
classes of cases.

No tax is payable under the act in
the case of a transfer of unimproved
land of which at least 10 per cent was
under cultivation and actually used by
the party transferring the same for
agricultural purposes during the twelve
months immediately preceding the
date of the excess value of land beyond
50 acres in which the transfer was
beneficially interested immediately be-
fore such transaction and to the ex-
tent of the excess value of the land
transferred beyond the sum of \$50.00
per acre without improvements.

In other words take the case of a
farmer owning any 800 acres of which
at least 10 per cent was under culti-
vation in the manner above described.
The owner, desirous of transferring 100
acres, would be obliged to pay a tax
on that area of 100 acres sold. He
would then have 600 acres left and if
he desired to sell the whole or any por-
tion of this area remaining, no tax
would be payable under the act by rea-
son of this exemption unless he hap-
pened to sell for a higher price than
\$50.00 per acre in which case he would
only be obliged to pay the tax on the
difference between \$50.00 per acre and
the price at which he sold.

Generally speaking, therefore, the
farmer when cultivating his land under
the above circumstances is exempt up
to 50 acres and pays no tax until his
land is sold at a price over \$50.00 per
acre exclusive of improvements. As
there is comparatively little land in
this province at the present time
which, without improvements would
be worth over \$50.00 per acre it will
require at least some years before the
tax would be applicable to farm-
land in case where an inflated value
is occasioned by reason of its proximi-
ty to a city or town or other industri-
ally developed area. It is for this reason
that the land has a value arising from
other than a value arising from its
use as a farm.

In the case of the first application
of the act to the registration of a
transfer, the last value upon which
the tax is calculated is based upon
the value of the land at the date of the
transfer, and the date of the pas-
sage of the act is taken as an incorpo-

gody is invited to attend, and will
be made known by notice. It is most
important that a large number of far-
mers who are conveniently situated to
these schools will make it a point to
be present, and see the kind of in-
struction work that is being carried on.
There are now 126 registered pupils in
actual attendance at the three schools
and a great deal of interest, a bet-
ter shown in agricultural education in the
province by the farmers and farmer's
sons.

Red and Gun in Canada, for Novem-
ber (Pub. Lib. W. J. Taylor, Ltd.,
Woodstock, Ont.), sustains its reputa-
tion as the leading Canadian maga-
zine devoted to the interests of
sportsmen. Big game hunting in Brit-
ish Columbia is described in several
well written and illustrated articles.
"A Labrador Room" is description of
a Labrador fishing village; "My Vis-
it to an Alberta Trapper" details a
successful day on the trap line; "How
to Keep Game from Spoiling" con-
tains some valuable information for
the hunter of big and small game;
"When Riley Tied Haulan" is by way
of variety and is reminiscent of the
famous Harry Hagan when all the
world's big scullers had a try-out for
championship. The regular depart-
ments are well maintained.

Her Cough Racked Her Terribly.

DR. WOOD'S NORWAY
PINE SYRUP
Effectuated A Cure.

Old-time coughs and colds yield to
the grateful, soothing and healing power
of Dr. Wood's Norway Pine Syrup, and
for the racking, persistent cough, often
present in consumptive cases, it will
bring exceedingly beneficial and pleasant
relief. The use of it is generally in-
dicated wherever symptoms of throat
or lung troubles appear, not especially
with all persons of a consumptive or
cathartic tendency, as its prompt
curative properties speedily soothe the
disorder and restore the throat and lung
to a sound healthy state. Used in time,
it will rid the system of the cough, cold,
sore throat, etc. I have had oc-
casion to use Dr. Wood's Norway Pine
Syrup and can say that it is certainly
a good medicine. About a year ago I
contracted a severe cold which settled on
my lungs and left them in a very weak
state. The cough racked me terribly,
and it was in despair that I found relief
in using Dr. Wood's Norway Pine Syrup.
I used me to five Dr. Wood's Norway
Pine Syrup a trial. I got a bottle, and
before I had it half gone I found relief
in using two bottles, and have never been
bothered since. I would not be without
it in the house.

Town Topics

R. J. Davies, who has been acting manager of the branch of the Bank of Commerce at Hanna, returned to the city on Monday to resume his duties here as accountant.

Reports of two of the larger elevator companies of Alberta, given out at Calgary the other day, would indicate the crop value of the province for the year to be in excess of \$120,000,000.

Mr. John Donald McLean and Miss Isabel D. Cameron, both of Youngstown, Alta., were married quietly at the parsonage of the First Baptist church, Calgary, on Thursday evening.

Letter heads and envelopes are now the fad for the farmer, and a sensible one too. Get your name, address, etc., printed on some stationery. The Times job printing department will attend to your wants promptly.

Edmonton, Nov. 11.—George S. Armstrong, druggist, and ex-mayor of the city, has received notice of his appointment as postmaster for Edmonton in succession to Alexander May, who recently resigned. Mr. Armstrong will assume office at once.

With no apparently adequate motive for the deed, William Edmund Wilson of 164 River street, Edmonton, committed suicide this morning 10 minutes after eight in the bathroom of his home by discharging both barrels of a shotgun into his breast.

The London Versatiles played at the Angus on Thursday evening of last week. Although the house was not filled, those who were present were given a treat. The singing of the company was very good, some of the individual numbers getting repeated encores. The costuming combined with the stage setting produced a very pretty effect.

P. L. Talbot is determined to give his patrons the best work that the art of photography can produce, and to enable him to do this, he has just installed an electric printer. This device was invented only last July, and now Mr. Talbot is one of the few photographers in Canada, who is using this up-to-date method.

Word has been received from Canmore that the graves of men who have been working on the C.N.R. grade southeast of that town, were taken out Saturday. The road, up to that point, is considered the best laid in the west and farmers estimate that they will send into Calgary next year from that section of the road about 3,000,000 bushels of wheat.

TYPICAL SUNNY ALBERTA WEA-

THUR IN OCTOBER

The weather for the month of October was ideal throughout the entire month. The sun shined on twenty-six days of the thirty-one. The maximum temperature was 41.78, with the minimum 20.55, making the average daily temperature 24.23. The following are the daily temperatures, as recorded by T. F. Ball, of the meteorological observatory:

Skin Sufferers --- Read !

We want all skin sufferers who have suffered for many years the tortures of disease and who have sought medical aid in vain, to read this.

We, as old established druggists of this community, wish to recommend to you a product that has given many relief and is a great means of your recovery. The product is a mild, simple wash, not a patent medicine, concocted of various worthless drugs, but a scientific compound made of well known and reliable ingredients. It is known in the D.D.D. laboratories of the Toronto and is called the D.D.D. Prescription for Eczema.

This is a doctor's special prescription—

Town Topics

A month has passed since the first oil excitement in Calgary, and the only visible change in the situation since then is the change of the ten-dollar bills from the pockets of unsuspecting stock buyers to those of the wily stock sellers. The oil trade will never be developed by the kind of men who are wildcatting stocks.—Herald.

A despatch from Winnipeg says that it is highly probable that within the course of a few days the brotherhood of locomotive engineers will make demands from the C.T.R. regarding a new schedule. The officials of the C.P.R. and the brotherhood have not been in agreement for some time and a strike seriously threatens the company on all lines west of Winnipeg.

The fact that there have been several droughts, resulting in almost total loss of crops in Kansas and Oklahoma means that there will be a larger flow of immigration to Western Canada from the States than ever. Another reason why immigration from the United States is in the cards is the U.S. land laws, which came in for strong condemnation at the recent Dry Farming Congress at Tulsa.

Coronation, Alta., Nov. 11.—The wife of Andrew Flynn, a merchant at Thors, eight miles east of this town, became mentally imbalanced this morning and made an attack upon one of her children that is likely to prove fatal. Flynn attempted to restrain her and was seriously injured. The mounted police were notified and are investigating. Flynn was formerly a Methodist minister, and occupied a prominent position before moving to Thors to enter into business.

Edmonton, Nov. 11.—"In view of the fact that the business men of this city endorse my administration. I will again be a candidate for the mayoralty," said Mayor William Short, Monday, when asked if he would again run for office. J. R. McIntosh, realty dealer; A. B. Campbell, president of the Edmonton Industrial Exhibition; Miller and S. H. Smith, realty dealers have announced themselves as alternate candidates supporting the present administration.

BOHN

RANDOLPH—In Wetaskiwin on the 11th inst., to Mr. and Mrs. R. R. Randolph, a daughter.

FORMER ASSISTANT CALGARY

TREASURER NOW A CONVICT

Calgary, Nov. 6.—C. H. Michin, former assistant city treasurer, city clerk and last year's candidate for the office of commissioner, was found guilty in the criminal assizes court this morning of the theft of \$5,000 from the city and was sentenced to serve five years in the Edmonton penitentiary.

The jury deliberated for less than half an hour Michin's was taken into custody by the Mounted Police. An appeal on technical grounds is anticipated.

Since leaving the trusteeship Michin has amassed considerable money through realty investments, and is one of the most widely known men in the city.

NEW SWEDEN

A treat is in store for the people who attend the service to be held in the Scandinavian Congregational church here on Monday evening, November 17th, at 7.30, when Rev. W. T. Gunn, M.A., B.D., will be the preacher. A cordial invitation is extended to all.

The ladies of the Scandinavian Congregational church at New Sweden are holding a sale of handkerchiefs and useful articles in the church on Friday evening, November 21st, commencing at seven o'clock. Refreshments will be served free of charge. A cordial invitation is extended to all to attend.

STRONGLY ADVISES
"FRUIT-A-LIVES"
Because They Cured Him, And
They Will Cure You

MR. ALEX. McCARTER

WALKERTON, ONT., May 9th, 1911.
"I have been in Walkerton in
business for a good many years and
many of my townsmen know that my
health, for long periods was precarious.
My trouble was extreme Nervousness,
brought on by Indigestion and Dyspepsia,
from which I suffered in the
most severe form. It was so bad that
I could not sleep before about four in
the morning. I noticed one of your
published testimonials of how someone
had used "Fruit-a-lives" for similar
trouble and asked Mr. Hunter, my
druggist, his opinion on the matter and he
advised their use. I immediately
procured several boxes and I am pleased
to say that I now enjoy splendid health
and could not possibly feel better. I
can eat with every degree of satisfaction
and sleep without an effort. I strongly
advise anyone suffering from like
complaints, to commence using
"Fruit-a-lives". ALEX. McCARTER.
Age, a box, 6 for \$2.50—trial size, 25c.
Sold everywhere from Fruit-a-lives Limited,
Ottawa.

PROVINCIAL NEWS

Several hundred people, including all
the businessmen of Empress and real
estate operators from all parts of Al-
berta and Saskatchewan attended the
sale of the Empress townsite by the
C.P.R. at Calgary last week.
The bidding has been very brisk on busi-
ness lots and choice inside residential
properties. The farm from \$1,500 to
\$3,000 a pair. Residential lots ran
all the way from \$500 to \$1500 a pair,
with the demand very sharp for choice
lots close to the business section.
Medicine Hat investors got their share
of the "mud", with Calgary about
even in the race. An operator named
Richard Harrison of Calgary is said
to have been the heaviest single pur-
chaser. About 300 lots were sold Thurs-
day, realising over a quarter of a mil-
lion dollars.

Tete Jaune Cache, famous through-
out Alberta as the "end of the steel",
on the G.T.P., and the point at which
roads and passengers for further west
have left the rail for horse or stagecoach
has reached the end of its tether.
Trains will be run over the section
west of Tete Jaune in a few weeks.
The contractors and shippers will move
their headquarters, and all the attend-
ant businesses of the lately thriving
town will leave it in their train. For
a while, at least, it is likely to be
a "deserted village."

Vegreville, Alta., Nov. 6.—As tri-
plets seems to be quite the fad this
year, up-to-date Vegreville has lost no
time in jumping into the leading
ranks. On Nov. 1, two tiny girls and
a boy were born to Mr. and Mrs. A. A.
Harrance, of this place. The babies
weights are 3, 3-1/2 and 4 pounds. Mrs.
Harrance is a sister of Rev. Robt.
Pearson, secretary of the Calgary
Y.M.C.A.

Castor, Nov. 7.—Voting took place
today on the \$20,000 debenture by-
law for the completion of the gas
well and extension of the gas lighting
system, resulting in its adoption by
the overwhelming majority of 64 for
and 7 against, with one spoiled ballot.

Cardston, Nov. 5.—The development
of the leading Montrose section of Can-
ada, according to the type of rapid
growth instanced in the case of Salt
Lake City, Utah, "reshadowed"
by the completion of the plan for the
\$300,000 temple to be erected here by
the Utah Iron Works Co. The temple
is just broken, B.C., and the
ery of the colored marble
high grade, the
elaborate design and the
terrior structure. Excavation of the
main structure is to be started early
in the coming year.

PURE WATER FOR STOCK
The quality of the water which is
provided for our stock is not thought
of as seriously as it should be. Three-
fourths of the animal body is composed
of water. Immediately water enters the
stomach and intestines it is taken
into the blood. It goes right to the
circulation, and thus gives immedi-
ately that sense of relief enjoyed by
any thirsty animal when, at last, its
thirst is quenched. That is, the
too dry blood is thinned, and the
animal enjoys comfort until the wa-
ter is evaporated or otherwise dis-
posed of in the system. It follows,
therefore, that when the water is im-
pure, the impurities are carried right
into the blood.
Solid food is disposed of in another
way, but the whole system, blood
especially; is, as it were, washed by
the water, and the thousands of the
weight of it, is made up of this water.
Thus, when any animal takes impure
water into its stomach, the water in
which impure matter is held
in solution, or exists in such minute
particles that these can enter the ab-
sorbent vessels of the intestines, and
this injurious impurity will at once
have its ill-result on the animal.
Diseases are thus caused, parasites,
pale access to all parts of the system,
the lungs, liver, brain and the heart,
and these make the most serious trou-
ble. The minute eggs of the tape
worms, those of the liver fluke, and
thousand worms are known to be dis-
tributed through the whole of the
animal's system. In the case of dairy
cows, pure water is absolutely essen-
tial. Milk contains 87 per cent of wa-
ter, and this water, if found when
drunk will not be pure when yielded up
by the cow in the form of milk.
Impurities in milk unfavorable af-
fect the value of the products as ar-
ticles of diet, but frequently interfere
considerably with the manufacture of
the products.

**ALL C.P.R. IN ALBERTA DES-
PATCH BY TELEPHONE**
Calgary, Nov. 7.—At a conference of
harmen, telegraph operators and
others connected with the C.P.R. in
Alberta which was held at Calgary
and which concluded its business Wed-
nesday night, the greatest dispatch sys-
tem of the world was practically
completed. All the C.P.R. trains in
Alberta will now be dispatched by tele-
graph instead of telegraph with the
exception of that district from Cross-
Nest to Cochrane. Men are here from
Montreal to put in the apparatus at
each of the stations.

CAMROSE

(From the Canadian)

Councillor Sausen will occupy the
position of deputy mayor for the re-
mainder of the year.

It is all very well for Camrose to
continue to fill a council board by ac-
clamation but the business of the town
is quickly reaching important impor-
tance to require of candidates for of-
fice a comprehensive outline of what
administration policy they intend to ad-
opt.

On Saturday morning Nov. 1st, at
the Methodist Parsonage, Camrose,
Miss Ruby Bakke of Heatherbrae was
married to Wm. Glenin of Ferry Point
by Rev. C. J. Bailey officiating. The
bride was Miss Hattie Reding of Lam-
ont and the groomsmen was Frank
Bakke of Heatherbrae.

As a result of a meeting of the
License Commissioners held the other
day in a change in the management of the
Winchell Hotel, Camrose, will be ef-
fect within a few days.

At the special meeting of the school
board on Wednesday evening approval
was given for the organization of ev-
ening classes in household arts and
physical training. These classes,
which are open to all citizens wishing
to embrace the opportunity, will be
conducted by Miss Margaret Stewart.

The occupants of the Arlington Ho-
tel had a very pleasant party on
Tuesday morning at six o'clock when
the gasoline apparatus for heating the
coffees collapsed. The kitchen was soon
in flames and the timely application of
the chemicals prevented a conflagra-
tion. Many of the roomers made a
hasty exit in their night clothes, and
some slept all through the conflagration.

ALBERTA CATTLE MOVEMENT

The development of mixed farming
in Alberta is best indicated by the
two following tables showing the mo-
vement of cattle, horses, sheep and
swine for August and September. The
figures have been furnished by D. D.
Coleman, general superintendent of
the C.P.R. at Calgary, and show load-
ing on C.P.R. Alberta division only:

	1912	1913
Horses	2,705	2,127
Cattle	9,301	10,003
Sheep	13	16,820
Hogs	1,14	19,912

Of these figures, it is worth noting
that the movement of cattle and
horses for August and September
were for Alberta and 1,892
were for other provinces.

	1912	1913
Horses	1,358	1,322
Cattle	10,210	12,790
Sheep	7,124	14,531
Hogs	5,250	12,863

Of the cattle shipments made in Sep-
tember 1913, none went for export
market 275 shipped to Winnipeg and
east, 6,038 went to coast, 6,618 went
for Alberta abattoirs and butchers,
and 1,699 feeders.

MOTORING THIS WAY IN HER
TAXI

In announcing for his patroness "The
Girl in the Taxi", at the Angus The-
atre, Friday November 14th, the man-
ager Angus is offering the biggest laugh-
ing, clapping comedy of two hundred
years. Nothing of this nature has ever
been given in theatres for public ap-
proval that can equal the record of
"The Girl in the Taxi". London is
now enjoying its second years run. Pa-
ris couldn't get enough of it, while
New York like Chicago, Boston, San
Francisco and all other cities have
received it with open arms. We hear
of it in Australia and this summer
finds a company in Japan, and China
playing it with success. Think of
this record. Don't you think manager
Angus did well in getting it to play
here? Just take an honest tip; engage
your seats now; and if you don't
whistle its merry songs and laugh un-
til you are laughed out, then go and
see a doctor for you must be sick
and very sick. Seat sale now open at Bai-
ley's.

COULD NOT STRAIGHTEN UP
For Lanie Beck.

Women are coming to understand that
weak, lame, and aching backs from
which they suffer are due to wrong action
of the lumbar.
The lumbar are overworked—given more
work than they can do, and when the
aids, aches and pains are almost im-
possible to do her household work, for every
movement is a torment.
On the first sign of any weakness in the
lumbar, Dr. Williams' Pink Pills should
be taken, and thus do away with any
suffering from lumbar trouble.

Mrs. A. J. Lill, 1010, Kilmont, Ont.,
writes: "I am writing to tell you what
a wonderful cure Dr. Williams' Pink Pills
did for me. I was suffering with lumbar
trouble, and for about seven days could
hardly straighten up for the pain. I
bought quite a few of other kinds of
pills, and received no relief. Just then
my sister came out with the short Dr. W's
Pills, and I tried them. I had done for
her, so I decided to try them. I used
these boxes, and I am completely cured.
I do not need further treatment."
Price, 60c. per box, 2 boxes for \$1.25,
at all druggists, or mailed direct on receipt
of price by The T. Milburn Co., Limited,
Toronto, Ont.
If ordering direct specify "Doan's".

FOR SALE BY H. L. HUGGS

The only building material that has not increased
in price is
CANADA Portland CEMENT
It makes concrete that you can depend upon for satisfactory results, whether you use it for a sidewalk
or a garden walk.
